Towel Rental: I am very excited to announce Bubba's Pampered Pedalers is going greener and cleaner. First, by providing Eco Friendly, [made in America](#), disposable bath towels and wash cloths. These strong and absorbent towels/wash cloths leave less of an environmental footprint than laundering cloth bath towels. The water and chemicals used and discarded are much more detrimental to the long term survival of the earth than the recycled product used in the manufacture of these disposable towels not to mention the electricity and water used/wasted washing and drying the cloth towels along with the gasoline driving to and from the laundromat multiple times a day. Disposable towels are also cleaner for you, the rider, because they reduce the risk of exposure to bacteria and viruses. Even when washed and dried under ideal conditions, cloth towels can carry germs. With disposable towels, you are the only one ever to use the towel thus reducing greatly the risk of exposure to bacteria and/or viruses. After using these disposable towels, you have many choices. You can dry them on your tent and use them once again in the morning to wash-up or perhaps clean your bike. Others keep them wet and wrap them around their neck to cool off while others use them as floor mats for their tent. Perhaps you will find yet another special way to use this item.

Do they look the same? **NO**      Do they feel the same? **NO**      Do they dry the same? **YES**

It is my hope, you the PAMPERED rider, will support these efforts helping Planet Earth
